Coder | Chemist| Power | Policy | Profit |NIT AGARTALA'29|Wed Dev| App Dev|Cyber security enthusiast
Agartala, Tripura, India

Summary

I enjoy building functional prototypes and designing intuitive UIs using HTML, CSS, JavaScript, Python, and Kotlin. Alongside my technical pursuits, I am actively involved in student leadership, currently serving as the Business Relationship Manager for Ncet Buddy and volunteering with WeCan. As the founder of BiharEduConnect, I am dedicated to creating digital solutions that help students navigate their educational journeys."

Experience

Campus Unite

Campus Ambassador

July 2026 - Present (1 month)

NIT AGARTALA

Consistency always pays off! Thrilled to kick off my new role as a Campus Ambassador with @CampusUnite

I am looking forward to stepping up as a community leader on campus, connecting with incredible peers, and unlocking new opportunities for student growth and networking. Let the journey begin!

polytechnickarle

Founder

June 2026 - Present (2 months)

Bihar, India

Recently, I worked on [Polytechnic karle], which taught me how to solve complex issues and collaborate effectively in a team. I am eager to learn how things work in the industry and am currently seeking a challenging internship opportunity where I can contribute my skills and grow.

Feel free to connect with me.
